READING A POEM.

We will see you soon

*Oh cry the best you can cry; I can feel the hold as it holds
You put our health at risk and our education has been halted by you
We can longer go to school, we want to be in a learning environment
We find it hard to eat, street children, poor homes, suffering, fending for themselves
We wish you no successes every day running lives across the nation
You've become a thorn in our flesh
Our fears keep us awake at night, seeing and hearing new cases every day, putting us
in a state of total confusion, not knowing what's going to happen next.
We're here to support each other, as children we can lead to our capacity
so stay safe by adhering to the preventative measures, each day will pass, we will walk
together
-in love, no matter what comes our way.
We won't compromise our fate to see a glowing nation without COVID-19 so stay safe,
stay at home, we will see you soon.*
