SUBSTRAND: AGRICULTURE – Worksheet

A. FILL IN THE BLANKS. Select the best answer to fill the blanks.

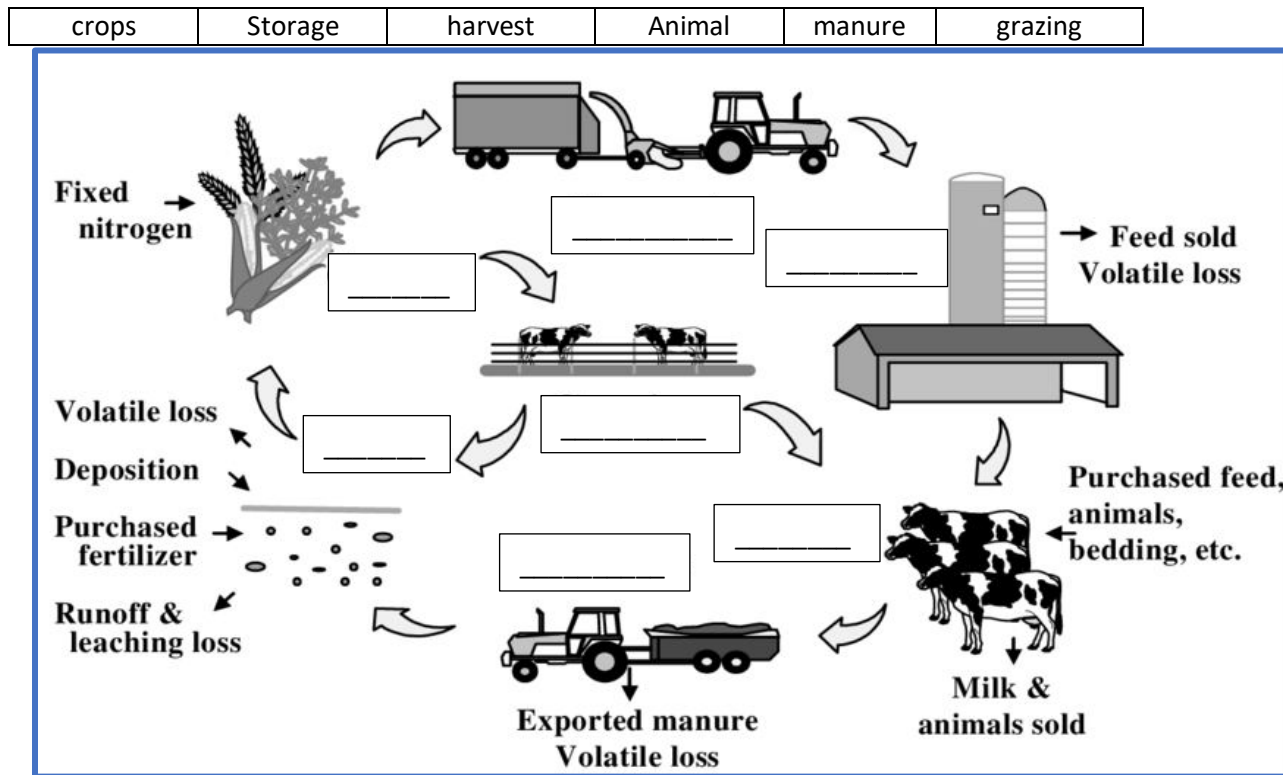

silage	Organic	intercropping	
Mulch	quota	agribusiness	Natural disasters
Border Dykes	pesticide	expiry	

1. Fijian farmers are opting for vegetable farming due to _____ of land leases and consistency of _____.
2. _____ is simply a protective layer of a material that is spread on top of the soil which can either be organic -- such as grass clippings, straw, bark chips, and similar materials or inorganic materials such as stones, brick chips, and plastic.
3. _____ farming is a technique, which involves **cultivation** of plants and rearing of animals in natural ways. This process involves the use of biological materials, avoiding synthetic substances to maintain soil fertility and ecological balance thereby minimizing pollution and wastage.
4. _____ is a multiple cropping practice involving growing two or more crops in proximity in order to produce a greater yield on a given piece of land by making use of resources or ecological processes that would otherwise not be utilized by a single crop.
5. A _____ is a government-imposed trade restriction that limits the number or monetary value of goods that a country can import or export during a particular period. In theory, quotas boost domestic production by restricting foreign competition.
6. A permanent type of **irrigation** that are built into a slanting paddock which works through a channel at the top of the slant, closing one gate inside it. The _____ is when water dams up, and flows over the edge of the channel into the paddock.
7. A type of fodder made from green foliage crops which have been preserved by acidification, achieved through fermentation. The _____ can be fed to cattle, sheep and other such ruminants (cud-chewing animals).
8. The chemicals that destroy pests that affect agricultural crops are known as _____.

9. The large scale control of farming process/ capital intensive farming on a large scale is known as _____ .

10. **Label the following.** Select the best answer from the table to fill as labels.

A. Farming process

B. Different types of farming. (Label the different types of farming methods in the pictures.)

Subsistence	Pastoral	Mixed cropping	Commercial
--------------------	-----------------	-----------------------	-------------------
