STRAND: NUMBERS

SUB STRAND: Whole Numbers

CONTENT LEARNING OUTCOME: Read and write numbers to 5 digits.

LESSON NOTES

We read numbers in groups of hundreds, tens and ones. Study the following

Examples	Thousands			Ones		
	Hundred	Tens	Ones	Hundred	Tens	Ones
3 460			3	4	6	0
7 586			7	5	8	6
80 135	8	0		1	3	5
13 901		1	3	9	0	1

Remember: *A space separates the thousands from the hundreds.*

Example:

Five thousand and thirteen written as numerals will be **5013**

ACTIVITIES

1. **Write each of these numbers in numerals.**   .

   a. Five thousand and one.   5001

   b. Thirteen thousand and four.   13,004

   c. Twenty thousand, six hundred and eighteen.   20,618

   d. Twenty-two thousand, five hundred and ninety-one.   22,591
