**Lesson Notes**

**Multiculturalism**

- Multicultural society or multiculturalism simply means different ethnic / races of people living in society / community peacefully and in harmony.
- Multiculturalism simply means peace, harmony, tolerance and acceptance of each other despite of their differences.
- In Pacific, Fiji is well known for its multicultural society where different groups of people live together in liberty and freedom to practice their own religion, culture, traditions and customs without any interference.
- Today, Fiji has become a home to many people from various countries.
- Different cultural celebrations and festivals, national celebrations, and sports have played a major role enhancing the multiculturalism.
- Embracing co - existing and accepting one another with their differences is a key factor of multiculturalism.
