Shawn was in band class and was feeling anxious. Their concert was tonight! The students had to dress in nice clothes and perform. Shawn was _____, but still worried. What if he couldn't find the _____ section? What if he _____ the notes and sounded like a mess? He _____ he could pass up going to the concert, because then he would worry less. He would be sad to miss it though. Shawn got a _____ of water and took some deep _____. He knew it would be fun once he got there!

Read the passage.

Playing Catch

Kate and her brother Jake like to play catch. They play with softballs, footballs and tennis balls. They toss the balls back and forth in the yard all the time. Sometimes they go to the park to have more space for throwing the balls farther.

When it is raining out, they play catch in the basement. They use a tennis ball because it bounces off of the basement walls. Jake is going to soccer camp for a week this summer. Kate is sad because she won't have anyone to play catch with while he is gone. The week before Jake leaves, they go to the park together.

There is a girl tossing a ball in the air by herself. Kate and Jake invite her to play with them. Her name is Brooke. Kate is happy now that she has a new friend to play catch with while her brother is at camp.

POETRY STUDY

Yet You Destroy Me By D Ali.
I am big, strong, and great.
Yet you destroy me.

I am beautiful and I account for almost all the species in the world.
Yet you destroy me.

I hold much of your gold, silver and precious stones.
Yet you destroy me.

I hold most of the medicines that cure your diseases.
Why do you do this?
I never did anything to you.

Yet you destroy me.
You take my nutrients
There are four elements: Air - I change CO₂ into oxygen.

Water - My River is where you get your drink from.
Earth - My plants grow in very little soil.

Fire -They can destroy me but they also help cleanse me.
If you destroy me, there will be none of these.

Questions

1. How does the tree help us? _____
2. The tree feels sad in the poem. Explain why the tree feels this way? Give two examples to support the above from the poem.

3. What are the four elements of the tree?

Strand	Earth and Beyond
Sub strand	The Solar System
Content learning outcome	At the end of the lesson, the students should be able to: Observe and record information over time about the major visible features of the day and night sky.

The Solar System

- ✓ The solar system is made up of all the planets that orbit our sun.
- ✓ Apart from planets, the solar system also consists of bodies like moon, dust and gas.
- ✓ The sun is so large, its powerful pulling power called gravity attracts all the objects in the solar system towards it.
- ✓ There were nine planets in the solar system.
- ✓ The furthest known planet was Pluto.
- ✓ However, Pluto has vanished so it is no longer called as the planet of the solar system. Thus, there are eight planets in the solar system.
- ✓ The eight planets are:
 - Mercury
 - Venus
 - Earth
 - Mars
 - Jupiter
 - Saturn
 - Uranus
 - Neptune

Earth is the planet we live on.
