STRAND	Reading and Viewing
SUB-SRAND	Literacy Text
CONTENT LEARNING OUTCOME	-Read and understand the given passage. -Answer the given questions.

WEAR A SCHOOL HAT

I think all children should wear school hats when playing outside at school. Some reasons for this are listed below.

Doctors have found out that too much sun is bad for our skin and may cause skin cancer later in life. Wearing a hat can protect children out in the sun.

The shape of the hat is important. Children should wear hats with broad brims or back flaps to keep the sun off their ears and neck.

Too much sun also hurt children's eyes so it is **important** to keep them shaded.

Some people think that just using sunscreen will keep them **safe**, but this wears off after a few hours. A hat stays on all day.

Hats and caps can also help you feel cool on a hot day. They can make you look good too.

So I think all children should wear a hat or cap to keep them cool and safe when in the sun.

Activities Week 8

1. According to the writer when should children wear hats?

2. What have the doctors found out?

3.The synonym of the word **important** in line 7 is _____ .

4.The antonym of the word **safe** in line 8 is _____ .

5. Which of the following statements is not true?

- A. Doctors have found that too much sun can cause cancer.
- B. Wearing a hat can protect children in the sun.
- C. Hats can make people look good.
- D. Sun screen will keep people safe all the time

Week 9 Activities

ACTION VERBS

Complete the sentences given below by adding suitable action adverbs in the boxes given.

rescued	caught	shook	escaped	sold
---------	--------	-------	---------	------

1. The fire fighters _____ the little boy from their burning home.

SUBJECT	MATHS	YEAR	5
NAME		ADDRESS	

STRAND	Measurement
SUB-SRAND	Money
CONTENT LEARNING OUTCOME	Express and apply mathematical operations of money by whole numbers.

Money

The Fijian coins come in denominations of 5 cents, 10 cents, 20 cents, 50 cents, \$1 and \$2.

The paper bills come in denominations of \$5, \$20, \$50 and \$100.

Week 8 Activities

Work out.

- If three people went for a haircut and it was \$6.45 for each of them. How much would it cost altogether?
- What's the difference between \$3.75 and \$4.85?
- If I have \$20.50 and I spend \$7.31, how much do I have left?
- Petrol costs 80c per litre. How many litres can I buy for \$40?
- If two men worked on a car for 3 hours. The one man's labour is \$5 per hour, the other man's \$3.50 per hour. What is the total bill for labour?

Answers

a. _____

b. _____

c. _____

d. _____

e. _____

Week 9 Activities

Mr and Mrs. Samu have three children. Each week, Mr Samu earns \$200 and Mrs Samu earns \$100.

- a. How much do they earn altogether?

Each week they have to pay the following bills:

Food - \$90

Rent - \$30

Bus fares - \$10

Gas & electricity - \$40

School meals - \$30

Clothes - \$20

House insurance - \$10

- b. How much money do they have left?

- c. If Mrs Samu lost her job, would they have enough money?

- d. What advice would give Mrs Samu so that she is able to save money?

Answers

a. _____

b. _____

c. _____

d. _____

	MADHUVANI SANGAM PRIMARY SCHOOL

SUBJECT	SOCIAL STUDIES	YEAR	5
NAME		ADDRESS	

STRAND	Resources and Economic activities
SUB-SRAND	People and Work
CONTENT LEARNING OUTCOME	Gather information about the different categories of work people perform in their communities to earn their living

People and Work

Unpaid work- work we do at home like washing dishes and feeding the pigs.

Paid work- we get salary or wages for doing work.

Different types of Work

1. Casual workers - people only work when there is work to be done and the workers are paid as soon as the work is completed.
2. Temporary Workers – these workers usually work for a period of time and depending on the contract they sign before they begin to work.
3. Permanent Workers- these workers continue working until they retire from their work.
4. Voluntarily Workers – these workers are not paid for the work they do but provide their services free of charge in our communities.

Wages- paid hourly daily or weekly.

Salary- fixed amount earned in a year. Example- are teachers, doctors, nurses, police

Employer- a person or company which provides job to people.

Employee- a person who is hired to do the work.

The Value of Our Currency (\$)

Fiji currency (money) does not have the same value with other currencies of other countries. In some countries our currency is much stronger and others it might be weaker.

Families Financial Commitments

Parents work so that they earn an income. Our financial commitment will depend on the goods and services that we use daily at home. For example,

we need to pay for electricity bills, buy our groceries and pay for bus fares.

A **budget** should be prepared to plan our expense.

Services of the bank

Deposit the money, Withdraw the money, take loans, transfer money overseas, give advices.

Week 8 Activities

1. List two types of job.

_____ and _____

2. A _____ should be made to save money.

3. List ways to save our money. _____

Week 9 Activities

Matching

	Column 1	Answer		Column II
1	budget		A	Paid hourly. Daily or weekly
2	wages		B	Keep our money safely
3	salary		C	Person who works for the company
4	\$ (dollar)		D	A plan to spend our money
4	employer		E	Fixed pay of a person
5	banks		F	Person or company which provides job
6	employee		G	Fiji Currency

NAME		ADDRESS	

STRAND	Earth and beyond
SUB-STRAND	Our Changing Earth
CONTENT LEARNING OUTCOME	Investigate the composition of local soils from different sites and gather information about the steps people need to take to stop degradation of the environment.

Our Changing Earth

Soil forms when rock break down. Soil provides the nutrient to plants to grow. It is the habitat of organisms living in the soil.

Layers of Soil

Components of Soil

Minerals

Water

Organic matter

Gases

Micro-organisms

Soil fertility – soil can supply nutrients.

Reasons for Soil Fertility

1. Soil erosion (leaching)

2. Removing crops

3. Ploughing

4. Land forming to remove topsoil

Soil degradation - is the decrease in soil quality caused by improper use.

Reasons for Soil Fertility

Agricultural

Farming

Industrial and urban purposes

Fluids from leaky vehicles

Pet waste, pesticides

Household chemicals

Soil Conservation- method to protect the soil.

Ways to protect soil

Practice no till farming

Use terrace farming

Practice contour farming

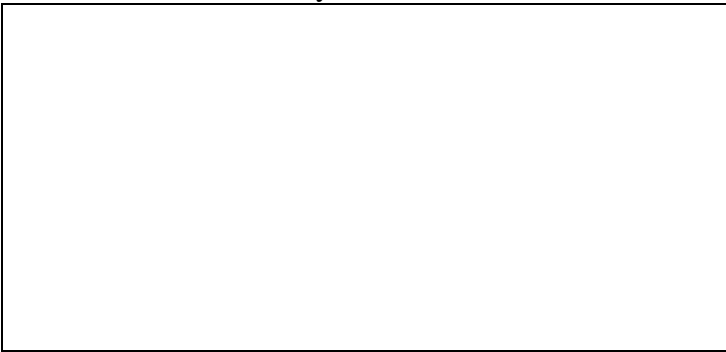

Week 8 Activities

1. How is soil formed? _____

2. How is soil useful to plants and animals? _____

3. What are some of the components of soil? _____

4. Draw the different layers of soil.

Week 9 Activities

1. What is soil degradation? _____

2. State some reasons for soil fertility. _____

3. Why should we conserve soil? _____

4. Draw ways of different kinds of farming you can do to avoid soil erosion.
