Year: 2

Mathematics

Worksheet 18

Strand	Early Mathematics
Sub Strand	Measurement
Content Learning Outcome	Children should be able to compare more than two lengths and use words to express it correctly.

Notes and Activities

Topic: Measurement of Length

Length is the term used for identifying the size of an object or distance from one point to another. Length is a measure of how long an object is or the distance between two points. The length of an object is its extended dimension, that is, its longest side.

Activity:

Put a tick  by the **longest** object.

Put a tick  by the **shortest** object.
