CONTENT LEARNING OUTCOME	Read and understand the given passage. Answer the given questions.

Police Probe Fire

POLICE are investigating a fire **incident** that destroyed four classrooms, a library and an office at Batirilagi Primary School in Macuata.

The students were sent home yesterday morning after police and fire officers **sealed off** the area.

Divisional Police Commander North Senior Superintendent Naulumatua Lutunacaucau said the fire started after 5pm on Tuesday.

"The school manager **noticed** smoke coming out from one of the classrooms and he ran towards the meter box to turn off the switches," he said.

"By that time, the fire had spread and it **destroyed** the block. So they called the fire station and the firemen arrived on time to save a nearby block.

"At this stage, we are still **investigating** the **matter** and awaiting a report from the fire authority, including the cost of damage."

School manager, Solomone Senikuraciri said the students would begin classes again today.

The Northern Fire Authority officer-in-charge has once again **advised** the public to thoroughly check their **property** to avoid **such mishap**.

Week 14 Activities

1.Name the school that caught fire?

2.Where is the school located?

3. When did the buildings catch fire?

4. How was it destroyed?

Week 15 Activities

Fill in the blanks by choosing the correct connectives given in the boxes.

although	but	because	and	then
----------	-----	---------	-----	------

- a) Car racing is an exciting event_____ it is also dangerous.
- b) We went to town_____ later to the movies.
- c) She likes to eat an apple_____ I prefer to have a mango.
- d) Mary was angry_____ Anil stole her lunch.
- e) Jack_____ Jill went to Suva.

STRAND	Personal And Community Hygiene
SUB-SRAND	Civic Pride
CONTENT LEARNING OUTCOME	Design a plan to maintain a clean and healthy environment for now and in the future

CIVIC PRIDE

DEVELOP AND MAINTAINING A CLEAN AND HEALTHY ENVIRONMENT

- Civic Pride** – is having respect for the town/city/country you come from.
- Maintaining a healthy environment is important in **increasing our quality of life and years of healthy life.**
- Ways we can care for the environment/ Maintain a healthy environment**
 - Disposing rubbish properly
 - Planting more trees and flowers
 - Reusing and recycling
 - Have a compost bin and put your organic waste in it.
 - Turn off the lights when they are not needed.
 - Turn off taps and make sure they do not leak.
- Poor environmental quality**
 - increases the risk of exposure to disease germs
 - makes our community look untidy and unhealthy
 - does not attract visitors and tourists

Week 14 Activities

1. Define the term Civic Pride.

2. What does the term healthy environment mean?

3. Why should we have healthy environment?

4. List some ways we can care for our environment.

Week 15 Activities

1. What are some of the things that can happen because of poor environment quality?

2. List some ways we can care for the environment.

3.How can we have more years of quality life?

4.What are some factors that shortens our life?

Comprehension

इस अंश को पढ़ो और प्रश्नों के जवाब लिखो ।

एक गाँव में एक धनी आदमी रहता था । उसके पास दो बेटे थे - कमल और नन्द । दोनों भाइयों के दिन सुख से बीत रहे थे । एक दिन उनके पिता बीमार पड़े और मर गए । दोनों बहुत दुखी हुए और चिन्ता करने लगे ।

उन्हें लगा कि उनके पिताजी बहुत धन छोड़ गए हैं । दोनों ने सोचा कि अब हमें काम करने की कोइ जरूरत नहीं । वे आलसी हो गए और कुछ ही दिनों में उन का बचा धन भी समाप्त हो गया ।

Week 14 Activities

प्रश्न

१1. धनी आदमी कहाँ रहता था ?

2. उनके पास कितने बेटे थे ?

3. एक दिन क्या हुआ ?

Week 15 Activities

Matching

पर्यायवाची शब्द (Synonyms - similar words)

1. आख	-----	क. मकान
2. ईश्वर	-----	ख. बेटा
3. घर	-----	ग. नेत्र
4. पुत्र	-----	घ. अध्यापक
5. मास्टर	-----	ड. भगवान

STRAND	Energy
SUB-SRAND	Energy Source and Transfer
CONTENT LEARNING OUTCOME	Investigate simple electrical devices to demonstrate how electrical energy is transferred and transformed such as light circuit, buzzer, electromagnet, a motor

(Revision)

Does adding a bulb in the setup affect the brightness of the bulb?

When you added one more light bulb to the circuit, it did not affect the brightness of the first light bulb

What happened when you remove one of the light bulbs?

The connection was not broken even when you removed one of the light bulbs in the circuit.

Why does turning off one light bulb not break the circuit?

The circuit did not break because a parallel circuit has more than one pathway for the electricity.

Why is parallel circuit better than series circuit

The devices can be switched on and off separately without breaking any circuits.

SERIES CIRCUIT

1. There is only one path for electricity.
2. **One drawback of series connections is that** if one component fails, the whole circuit does not work. None of the bulbs will light.
3. **Circuit Symbols**

Wire	
Resistor	
Light bulb	
Cell	
Battery	
Switch	

WEEK 14 ACTIVITIES

1.What is the main source of energy in the circuit?

2.What is one drawback of series connections?

3.What is the advantage of parallel circuit over series circuit?

4.List the items used to construct simple circuit.

WEEK 15 ACTIVITIES

1.State one advantage of parallel circuit over series circuit.

2.What is the source of energy in the circuit?

3.How many pathway for electricity is there in parallel circuit?

4.Draw a series circuit.
symbols
them.

5. Draw circuit
and name
