ACTIVITY - POETRY

Rain is falling on the roof
we use the rain that falls a lot
we gather it in a tank
and then we boil it in a pot

Rain here, rain there
rain is falling everywhere
the birds are warm in their nests
while we are running around like pests

There are lots of game we can play in the rain
Oh! the things that I can think of!
But we sometimes cuddle up in our warm beds
and all we can hear is plink! plonk! plink!
