SOCIAL SCIENCE

WORKSHEET 18 SOLUTION

Strand	Resources and Economic Activities
Sub Strand	People and Work
Content Learning Outcome	Investigate the concept of globalization and express its effects from their country and regional point of view.

**NOTES**

**GLOBALISATION**

- Humans have interacted over long distances for thousands of years. The overland Silk Road that connected Asia, Africa, and Europe is a good example of the transformative power of trans local exchange that existed in the "Old World".
- Philosophy, religion, language, the arts, and other aspects of culture spread and mixed as nations exchanged products and ideas. In both the 15th and 16th centuries, Europeans made important discoveries in their exploration of the oceans, including the start of transatlantic travel to the "New World" of the Americas. Global movement of people, goods, and ideas expanded significantly in the following centuries.
- Early on in the 19th century, the development of new forms of transportation (such as the steamship and railroads) and telecommunications that "compressed" time and space allowed for increasingly rapid rates of global interchange. In the 20th century, road vehicles, intermodal transport, and airlines made transportation even faster. The advent of electronic communications, most notably mobile phones and the Internet, connected billions of people in new ways by the year 2010.
- Growth of globalization has never been smooth. One influential event was the late 2000s recession, which was associated with lower growth (such as cross-border phone calls and Skype usage) or even temporarily negative growth (such as trade) of global interconnectedness. The DHL Global Connectedness Index studies four main types of cross-border flow: trade (in both goods and services), information, people (including tourists, students and migrants) and capital. It shows that the depth of global integration fell by about one-tenth after 2008, but by 2013 had recovered well above its pre-crash peak.

**ACTIVITIES**

1. Give some examples of globalisation in your community/country.  
*Answers will vary.*
2. Collect pictures showing globalisation and attach to this worksheet.  
*Answers will vary.*
