

SANGAM SKM COLLEGE- NADI
YEAR 11 COMPUTER STUDIES-2021
COVID-19 WORKSHEET WK-2

31/05/21

1. Define what is a computer?
2. Describe the three main components of a computer system?
3. Draw a diagram to represent the three components.

From the diagram given above identify **two input** devices, **two output** devices and **two storage** devices.

<u>Input devices</u>	<u>Output devices</u>	<u>Storage devices</u>
1. _____	1. _____	1. _____
2. _____	2. _____	2. _____

01/06/21

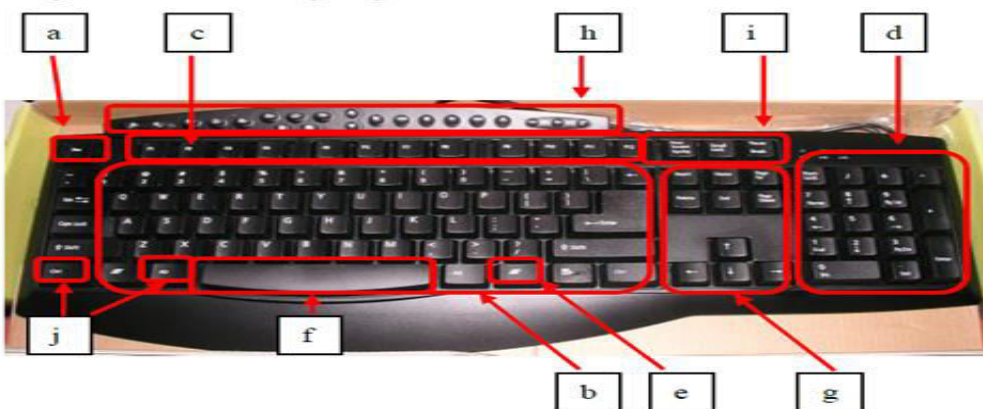

1. What is the function of input devices?
2. What are two types of mouse? Explain
3. Name at least eight input devices and its function?

02/06/21

1. What is the difference between traditional and wireless keyboards?
2. List three types of keyboard design?
3. What is another name for standard keyboard?

03/06/21

1. Differentiate between keyboard entry and direct entry devices.
2. Identify and state the function of the keys labeled a-j

04/06/21 ESSAY WRITING

Input devices are of two kind's keyboard Entry and Direct Entry.
 Discuss the above statement under the following criteria:

- the three types of keyboard
- the three types of direct entry devices
- the three types of pointing devices

SANGAM SKM COLLEGE- NADI
YEAR 11 COMPUTER STUDIES-2021
COVID-19 WORKSHEET WK-3

07/06/21

1. List and describe the functions of different types of input and scanning devices listed:
 - a) Magnetic ink character recognition (**MICR**)
 - b) Optical character recognition (**OCR**)
 - c) Optical mark recognition (**OMR**)
 - d) What is a POS terminal? What are two input devices on it that represent the two methods of inputting data?
 - e) How is a dumb terminal different from an intelligent terminal?

08/06/21

1. List and describe the functions of different types of input devices listed below:
 - a) Image capturing devices
 - b) Digital camera
 - c) Digital video camera
 - d) Audio – input devices
 - e) Microphone
 - f) Musical instrument digital interface or MIDI

09/06/21

1. Define what is output device?
2. Name different types of monitors?
3. What is another name for monitor?

10/06/21

1. What is a printer?
2. What is the difference between personal and shared lasers?
3. What is the difference between impact and non-impact printers?
4. Fill in the missing details in the table below.

Printer Category	Description
1.	Work in the same manner as copy machines; a laser beam creates electrical charges that attract toner to form an image and transfer it to paper. These printers come in a variety of sizes. The best printers around yet.
Inkjet printers	2.
3.	Uses heat and electricity to form characters and to produce images on heat-sensitive paper. Uses heated dot-matrix wires to print output on specially treated paper. As the hot pins in a thermal print head press the ribbon against the paper, the wax melts and the ink is transferred to the paper.

11/06/21

ESSAY WRITING

Output devices produce two kinds of output, softcopy and hardcopy.

Discuss the above statement under the following criteria:

- **one** output device that produces softcopy
- **one** output device that produces hardcopy
- **four** types of output devices and its purpose

Thank you
