

Sangam S.K.M College-Nadi

Year 13

Computer Studies

Worksheet 5

Questions:

Refer to the following image and answer the questions that follows:

Covid-19 has brought many challenges to the education system and Ministry of Education has to come up with ways to promote learning in these difficult times. In order to facilitate distance learning, Learning Hub has been initiated by the MOE to provide a platform where resources can be easily accessible to students. You have been hired as a system analyst to help MOE to come up with a solution as above.

1. State the role of a System Analyst.
2. Use the first 5 phases and explain the activity carried out with examples in context to the above scenario.
3. Explain the importance of phase 6 and why it is an ongoing activity for the MOE.

The end.
