MATH

WORKSHEET 1 - SOLUTION

**CONVERTING UNITS OF LENGTH**

1. Convert from larger to smaller unit indicated:

- a) 90mm                      b) 56300cm                      c) 3217000m  
d) 179000mm                      e) 27300000cm                      f) 21000000mm

2. Convert from smaller to larger unit indicated:

- a) 3cm                      b) 0.63m                      c) 0.704km  
d) 0.00235km                      e) 0.107m                      f) 0.000243km

3. Work out the answers.

- a) 61cm  
b) 1.2m x 8 = 9.6m    1.12m x 6 = 6.72m [the underlined one is longer]  
c) 4.8 x 100 = 480cm    480cm ÷ 40cm = 12 pieces
