LEARNING WORKSHEETS WEEK 1

NAME: _____

SUBJECT : BASIC SCIENCE

YEAR / LEVEL: 7

STRAND : 1. Living Things & the Environment

SUB STRAND : 1.1 Structure and Life Processes

C.L.O : At the end of this lesson, students will be able to relate and identify the general features of living things.

1. Excretion is a feature of living things. This is their ability to _____.
2. Give two examples of living things.
3. Give two examples of non-living things.
4. A food chain always begins with a _____.
5. Name one activity that will have a positive effect on the environment.

Study the diagram below and answer the questions that follows.

Life Processes		
M	Movement	All living things move, even plants
R	Respiration	Getting energy from food
S	Sensitivity	Detecting changes in the surroundings
G	Growth	All living things grow
R	Reproduction	Making more living things of the same type
E	Excretion	Getting rid of waste
N	Nutrition	Taking in and using food

Complete the Table below differentiate the features of Plants & Animals

The first is one done for you !

CHARACTERISTICS	PLANTS	ANIMALS
M – Movement	Move their parts For eg. Roots move towards water	Move from one place to another

The End . STAY SAFE AND GOD BLESS

Anthony D'Angelo ~ Develop a passion for learning, if you do, you will never cease to grow ~
