

1040 TAGITAGI SANGAM SCHOOL

WEEK 7 General Subjects

FALD	<i>PHYSICAL DEVELOPMENT, HEALTH AND WELLBEING</i> THEME: Plants
STRAND	<i>HEALTHY LIVING</i>
SUB STRAND	<i>PERSONAL AND COMMUNITY HEALTH</i>
LEARNING OUTCOME	<i>Discuss and explain consequences of personal lifestyle choices.</i>

What are Plants?

1. We can eat some plants.
2. Some of the parts of the plant we can eat are leaves, stem, flower, seeds and roots.
3. Some plants can be used for medicine.
4. Some plants we eat are:

Leaves	Stem	flower	seeds	roots
 cabbage	 sugar cane	sunflower. 	 Long bean	 carrot

In the boxes below, draw and name other parts of plants we can eat:
