

1076 NADI SANGAM SCHOOL

LESSON NOTES

SUBJECT: MATHEMATICS

YEAR: 1

Strand	Numbers
Sub Strand	Operations- Introduction of Addition
Content Learning Outcome	To show that addition increases the total number of objects..

Lesson Notes

Introduction of Addition is a new lesson for year 1s. In this activity we are going to use two methods of addition.

1. Pictures and words such as “**and**” And “**is**” to add 2 sets together.

For example:

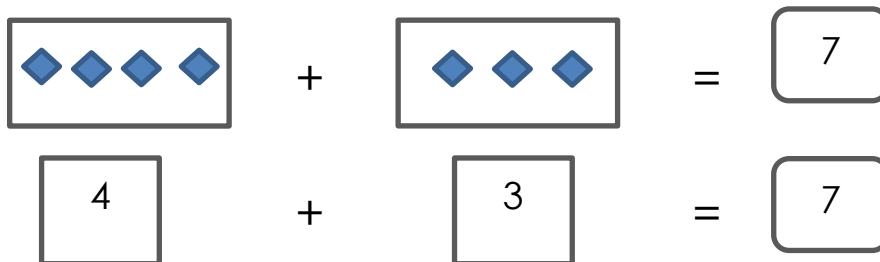

Add together the two sets and write the answer.

2. Numbers and symbols **+** and **=** to add together.

For example:

Count and complete the number equation.

Notes to Parents/Guardians

For this activity provide counters such as ice-block sticks, straws or shells to your child.
