Dialogue Writing – it is a conversation between two or more people to share their messages in written.

For Example:

Dialogue Between Two Friends about Covid-19

Harry: Hi Sam! How are you?

Sam: I am fine. How are you?

Harry: I am also fine. What are you doing?

Sam: I am reading an article about Coronavirus.

Harry: I don't know much about coronavirus. Will you share some information with me?

Sam: Of course. Why not? Coronavirus is a dangerous virus that makes us sick and also it makes us weak. Many people died in Fiji.

Harry: Oh, ok I didn't know. So that means we need to be safe. So what are the things we need to do to prevent from this virus?

Sam: Always wear masks wherever you go, use hand sanitizer, exercise daily and eat healthy food.

Harry: Ok my friend I'll keep myself safe and follow what you have said, anyways thank you and stay safe, bye.

Sam: You too stay safe, bye.

Class Activity:

Using the example given above write down your dialogue with your friends in school. A dialogue can be of any topic and it should be simple and clear.

Strand 3: Energy

Lesson 2: Energy transformation, use and conservation

Heat energy

- Materials that allow heat to pass through them faster are called good conductors
- Materials that do not allow heat to pass through them easily are called bad conductors.
- Bad conductors are also called insulators.

Good Conductors	Bad Conductors
Silver	Glass
Copper	Asbestos
Aluminium	Wood
Brass	Water
Iron	Cork
Lead	Cotton wool
Mercury	Air

Draw three materials that are good conductors of heat.
