

*1040 TAGITAGI SANGAM SCHOOL*  
*WORKSHEET FOR WEEK 7(12/0721- 16/17/21)*  
*YEAR 6*

**SOCIAL STUDIES LESSON NOTES AND ACTIVITIES**

<b>Strand</b>	Place and the Environment
<b>Sub-Strand</b>	People and Care of Places
<b>CLO</b>	Explore good environmental practice and conservation methods and analyse the effect of climate change on these practises.

**Topic: Climate Variations**

- Climatic comes from the word climate. **Climate** means the kind of weather a particular place has.
- Variations are the changes so **climatic variations means the changes in weather pattern of a particular place.**
- The climatic variations that we experience today have changed a lot from what our older generations experienced.
- The weather keeps on changing and disasters do happen which affects the environment and our livelihood.
- For example, we could have sunshine in the morning and in the later afternoon we could have rain.

**Influence of Climatic Variations on the Environment**

- Landslides
- Flooding
- Rise in Sea Level
- Endangered Species

**Activity**

Write down some effects of climate change on the environment.

---

---

---

**Influence of Climatic Variations on Humans**

- Climate change also affects the life of humans. When the environment is affected, human's livelihood would also be affected because we get our resources from especially our food.

*1040 TAGITAGI SANGAM SCHOOL*  
*WORKSHEET FOR WEEK 7(12/0721- 16/17/21)*  
*YEAR 6*

- It is our responsibility to reduce the effects of climate change on our environment, so that our future generations would be able to have enough resources for their livelihood.
- There are more droughts and it lessens the food production from the gardens and farms resulting in hunger.
- Sources of water are drying up and people are dying from thirst as there is no water to drink.

**ACTIVITY: Answer Briefly**

1. How has climate change affected the life of people in Tauva.

- a. \_\_\_\_\_
- b. \_\_\_\_\_
- c. \_\_\_\_\_

2. List **five conservation skills** ? (refer to text book notes- page 59 and 60)

- a. \_\_\_\_\_
- b. \_\_\_\_\_
- c. \_\_\_\_\_
- d. \_\_\_\_\_
- e. \_\_\_\_\_

3. How can you help to minimise the effects of climate change?

- a. \_\_\_\_\_
- b. \_\_\_\_\_
- c. \_\_\_\_\_

4. How can coral reefs help to conserve our environment from changing weather patterns?  
(internet research)

- a. \_\_\_\_\_
- b. \_\_\_\_\_
