Dear Sir/Madam

Re: T – Shirt Sponsorship

The Northern Girl Guides Association has **invited** the Suva Girl Guides Association for the National Annual Camp to be held in Labasa, Vanua Levu from the 19th-23rd October, 2021. For 5 days the girls will have a unique **experience**; focusing on fun, friendship, new adventures and focusing on MDG 4 and 5- [Together we can Save Children’s Lives and Every mothers life is precious].

The Suva Girl Guides Association in partnership with the Fiji Girl Guides Association continues to support its program to cater for girls of **different** nationalities, beliefs and cultures. Our main mission is to develop girls and young **women** to be confident and self-respecting adults, responsive to their needs and others.

Collectively there are 80 girls and 20 **teachers** who will be attending the Annual Camp from schools around the greater Suva area. We therefore would like to seek your company to **sponsor** the girls and teachers t- shirts for the **camp**. In return for the sponsorship, we would of course be willing to wear the Lyndhurst logo on our t- shirts and for your company to be listed as our key sponsor for all our fundraising drives.

We will really appreciate your assistance and look forward to a favourable response.

Yours **faithfully**

Questions and Answers

Why is food important for humans?

Food is important for humans because it contains all the nutrients and vitamins that we need in order for us to function correctly.

2. List down two advantages of home gardens.

Easy and instant excess to fresh produce, gives you complete control over chemicals and products used during the growing process, offers a form of outdoor exercise, saves money and time etc.

3. How does home gardening save your time and money?

A home garden gives you instant access to fresh produce, so that you're not forced to visit the grocery store or farmers market to find it. You save time and money on fuel rather than driving somewhere else to buy your produce.

4. How does a compost reduces waste produced by us?

A compost pile allows you to recycle certain kitchen and yard waste which reduces waste produced by us.
